**At the end of the resolution, add the following:**

**Sec. 8. That immediately upon adoption of this resolution, the House shall resolve into the Committee of the Whole House on the state of the Union for consideration of the resolution (H. Res. 659) affirming that States should maintain primacy for the regulation of hydraulic fracturing for oil and natural gas production on State and private lands and that the President should not declare a moratorium on the use of hydraulic fracturing on Federal lands (including the Outer Continental Shelf), State lands, private lands, or lands held in trust for an Indian Tribe unless such moratorium is authorized by an Act of Congress. The first reading of the resolution shall be dispensed with. All points of order against consideration of the resolution are waived. General debate shall be confined to the resolution and shall not exceed one hour equally divided and controlled by the chair and ranking minority member of the Committee on Natural Resources. After general debate the resolution shall be considered for amendment under the five-minute rule. All points of order against provisions in the resolution are waived. When the committee rises and reports the resolution back to the House with a recommendation that the resolution be adopted, the previous question shall be considered as ordered on the resolution and amendments thereto to adoption without intervening motion. If the Committee of the Whole rises and reports that it has come to no resolution on the resolution, then on the next legislative day the House shall, immediately after the third daily order of business under clause 1 of rule XIV, resolve into the Committee of the Whole for further consideration of the resolution.**

**Sec. 9. Clause 1(c) of rule XIX shall not apply to the consideration of H. Res. 659.**
